

UKRI Future Internet @Coseners NGN/MSN

Community Engagement #3

UKRI asked us (three groups) to map out Future Internet

1. **Creatives, Business, Technologies**
2. **Interdisciplinarity (moving far beyond Telecom, and AI)**
3. **Methodologies: workshops, interviews, surveys**
4. **Result will be prioritized list of challenges & topics**
5. **Depending on other factors, may or may lead to calls for proposals**

Challenge Areas Identified*

1. **Sovereign & Resilience**
2. **New Internet Modalities**
3. **Inclusion, Accessibility, Trust & Privacy**
4. **Digital Culture & Platforms**
5. **Ecology, sustainability and the material internet**

*EPSRC/ESRC/AHRC

What's the Ask of You?

1. Are there Glaring Gaps in Challenge Lists/Topics?
2. Are the Priorities Right?
3. Where are you all currently getting your Future Internet funding from?
